Subject: Notification of SUNISO Series Product Renaming to Sunice

Dear Valued Customer,

This letter is to inform you of an upcoming change to the name and container design of our long-standing refrigeration oil series. Beginning in 2026, we will rename the **SUNISO** series to our own brand, **Sunice**, in line with changes to our trademark licensing arrangements.

We have already been manufacturing and supplying synthetic refrigeration oils under the **Sunice** brand, and we will now unify our mineral refrigeration oils under the same brand. This strategic move will allow us to offer **Sunice** refrigeration oils globally without any sales territory restrictions.

Please be assured that this change affects only the product name and container design. The manufacturing technology and quality of the original **SUNOCO** refrigeration oils will be fully maintained, and all 4M elements—namely, materials, manufacturing methods, manufacturing locations, and manufacturing specifications—will remain exactly the same.

We are confident that this change will strengthen **Sunice** as our global brand. We sincerely appreciate your understanding and cooperation during this transition.

### SUNISO to Sunice Series Transition Schedule

Implementation Date: Shipments under the **Sunice** name will begin in January 2026.

*(Sales under the SUNISO name will end by March 2026, as existing inventory is sold.)*

### Product Name Change Table
